Public Comment Notice

The proposed Home and Community-Based Options and Person Centered Excellence (HOPE) Waiver 30-day public comment period begins April 26, 2017 and closes May 25, 2017.

WHAT IS THE PURPOSE OF THE WAIVER AMENDMENT?

The Division of Adult Services and Aging (ASA) transitioned from the Department of Social Services (DSS) to the Department of Human Services (DHS) resulting in the creation of the Division of Long Term Services and Supports (LTSS) within the Department of Human Services. The Home and Community-Based Services (ASA) Waiver for South Dakotans language is being amended to reflect the change in operating agency from DSS-ASA to DHS-LTSS with an anticipated effective date of July 1, 2017. The name of the waiver will also transition from the Home and Community-Based Services (ASA) Waiver for South Dakotans to the Home and Community-Based Options and Person Centered Excellence (HOPE) Waiver. The transition will be seamless for consumers receiving services through the waiver. The purpose of the waiver is to provide home and community-based services to South Dakotans age 65 and older as well as individuals over the age of 18 who have a qualifying disability in order to allow them to remain at home or in the least restrictive environment available. Services are based on assessed need and may include, but are not limited to, homemaker, personal care, specialized medical equipment, specialized medical supplies, assisted living, in-home nursing, and emergency response systems.
