

SDAHO Education Package

This 7 course package addresses hot topics across the healthcare continuum. The South Dakota Association of Healthcare Organizations (SDAHO) will bring you a team of expert presenters to offer insights, up-to-date guidance, and best practices on a variety of topics.

Topics are designed to **develop skills in leadership, inform on upcoming state initiatives, manage current clinical, regulatory, and compliance risks, educate governing bodies on board responsibilities, and provide mental and emotional support for caregivers.**

Facilities that register will have access to 50+ live presentations, continuing education, handouts, and recordings of live sessions for their entire staff and trustees for the low price of \$1,500.

Target audience: Hospital, Nursing Home, Assisted Living, Home Health, Hospice, and Healthcare Governing Boards.
