	Advancing Telehealth Beyond COVID-19 ACT (bill 4040): extends telehealth
	flexibilities through 2024- Passed with the \$1.7 trillion omnibus spending package.
Legislative News-	The Improving Access to Advance Care Planning Act (S. 4873) Senators Warner (D-VA) and Collins (R-ME), Rep Blumenauer (D-OR) release Advance Care Planning Bill:) is a

bipartisan, bicameral bill that would allow more Americans to access advance care planning (ACP) services by allowing social workers to provide ACP services, removing beneficiary cost-sharing, and promoting increased education for providers on current ACP codes. The bill would also require improved reporting on barriers to providing ACP services and billing the corresponding codes. LeadingAge worked on this bill and LeadingAge President and CEO Katie Smith Sloan is quoted in support of it in the press release.

Coalition to Transform Advanced Care-(CTAC) https://thectac.org/about/ The Blumenauer/Warner Standalone Advance Care Planning Legislation: CTAC is planning to push for this to be reintroduced this year.

PCHETA-Senate Bill 4260: https://www.congress.gov/bill/117th-congress/senate-bill/4260 Co-Sponsored by Sen. Mike Rounds.

https://www.capito.senate.gov/news/press-releases/capito-baldwin-introduce-bipartisan-bill-to-improve-palliative-and-hospice-care training, education/awareness, and Research Supported by NHPCO- No Update

Grief Resilience Investment and Education Fund (GRIEF) Act- HR 9190: introduced 9/30/2022 by Congressman Joe Morelle- Spearheaded by NHPCO and Hospice Action Network (HAN): If passed, the GRIEF act would expand access to bereavement care by providing grant funding for healthcare providers, like hospices, to expand previously underfunded community grief support programs. Want more info: https://www.nhpco.org/regulatory-and-quality/regulatory/updates/ No update

integration with improving regulatory and quanty regulatory aparters.

H.R. 8505: To amend title XVII of the Social Security Act to permit the use of telehealth for purposes of recertification of eligibility for hospice care introduced 7/26/2022 by Rep. Carol Miller (D) No update

ICAN Act (HR 8812) was introduced on September 13, 2022, by Congresswoman Lucille Roybal-Allard (D-CA). The Bill removes administrative and practice barriers for APRNs allowing them to fully be included in the beneficiary attribution process for the Medicare Shared Savings Program- including allowing them to certify and recertify a patient's terminal illness for hospice eligibility. **No Update**

SD Legislative Updates: Bills being introduced. Nothing really related to hospice and palliative care at this time. Kim will keep us up to date.

LeadingAge, in partnership with other national hospice association partners, provided the Centers for Medicare and Medicaid Services (CMS) and key Congressional stakeholders with 34 recommendations grouped into 11 core issue areas to improve hospice program integrity. Below please find the press release, article and full list of recommendations which were published today. We would like to thank all the members who provided feedback on these recommendations.

State Grants

USD Project ECHO- Cheryl Fischbach, Sabina Kupershmidt- Ended December-Completed 8 sessions using the Clinical Practice Guidelines for Palliative Care domains- Dr. Kullard was the content expert throughout the session and several subject matter experts presented the domains. Targeted primary care providers through Critical Access Hospitals.

	SDPN Grant- Charlene Berke, Sarah Mollman, Mari Perrenoud- Ends 6/30/23 All 3 aims have been reached-#1- Nursing Education: 4 colleges of nursing being trained- SDSU, Mt. Marty, Presentation College and Augustana. #2 Professional Education- Available through the Avera CE Portal- over 158 individuals have used the platform https://avera.cloud-cme.com/course/search?p=4000&Curriculum=Palliative currently under construction. #3 Community Education- centered mostly on advance care planning. Wrapping up on their data
	R01 Grant- JR LaPlant, Tinka, Duran, Bethany-Rose Daubman, MD, Frannie Arneson, MD, Mary Isaacson; Dr. Daniel Peterite- Drs. Arneson and Daubman presenting at AAHPM in March
	SDSU- ACI in Pierre- Early PC for AI &Rural Patients w/ Advanced CA- Sarah Mollman and Brandon Varilek-2023- They have finished interviewing healthcare professionals and will be moving into interviews with rural patients with advanced cancer. Hoping to develop palliative care through the Cancer Institute in Pierre. Avera is piloting palliative care in the Pierre area.
	SDSU RSCA Challenge Grant: Brandi Pravecek- lead investigator and Mary Isaacson-co-investigator looking at the impact personal familiarity with patients has on goals of care conversations. 2022- Brandi has completed her surveys and interviews and is now compiling the data. She had great discussion in her interviews.
Pediatric Crisis Standards of Care	Tammy Hatting- Medical Workgroup has finished review of 4 th draft- going back to legal work group 2/16. Medical work group wants to make sure the pediatric plan mirrors the adult plan as much as possible to ensure legalities and ethics are consistent. Peds uses PELOD2 vs. SOFA and must address guardians vs. power of attorney. Once complete, will move forward with training- Power Point, Recorded Panel presentation- information will live on the SDAHO website along with the Adult Plan. Each hospital will have to exercise the plan within their scope.
Quality	Place holder- please share any quality information important to LifeCircle
LTC	Place holder- please share any LTC/SNF/ALF information important to LifeCircle
Round Table	MOST training Feb 2 12-1 CST through SDAHO https://sdaho.org/calendar/ Are the slides up to date? Whoever has them, please let Michele know- we may want to update them just for simplicity purposes. Ongoing MOST training needs to happen. Please consider this whenever you get a speaking opportunity.
	Discussed concurrent care: Dougherty Hospice House has had an influx in ALS patients and have been taking patients on ventilators due to lack of help in the community- morally distressing for staff. Wondering about Ascera Cares project and would like an update on that. https://innovation.cms.gov/innovation-models/medicare-care-choices Michele will reach out to them to see if they can provide an update.
	In 202, NHPCO and NCHPC did urge congress to fast-track a community Based Palliative Care Demonstration Model. NHPCO offers office hourse to discuss community based palliative care: https://www.nhpco.org/palliative-care-office-hours/ sign up to attend one. They also

	have certificate training in community based palliative care on line through
	2023: https://www.nhpco.org/education/cbpccp/
Next meeting	February 27, 2023 @ 0900
