AHA #123 for Equity Pledge to Act Campaign

This pledge urges all U.S. hospital and health system leaders to continue to develop and implement strategies to increase the collection and use of race, ethnicity, and language preference and sociodemographic data; advance cultural competency training; and increase diversity in leadership and governance. In addition, a fourth goal has been added to improve and strengthen community partnerships.

To accelerate progress toward eliminating health disparities, increasing quality of care and advancing diversity and inclusion in healthcare, all hospitals are being called on to make these efforts a priority.

Download the pledge and submit a PDF version of the completed form to equityofcare@aha.org (e-mail) or complete and submit your pledge online.
