SD Definition of Palliative Care	<p><i>Palliative care is medical care for people living with a serious illness. This type of care is focused on providing relief from the symptoms and stress of illness with the goal of improving quality of life for both the patient and family. Effective palliative care is delivered by a trained team of doctors, nurses, social workers, chaplains, and other health professionals who collaborate to provide an extra layer of support. Based on the needs of the patient, not on prognosis, palliative care is appropriate at any age and any stage of serious illness and may be provided alongside curative treatments in primary and specialty settings.</i></p>

Legislative News-	<p>Reps Joyce, Armstrong, Underwood, & Kiggans reintroduced the Improving Care and Access to Nurses (I CAN) Act. HR 2713 Removes federal barriers that prohibit nurses from practicing to the full scope of their education and training in hospice, HHC and SNF. Read more here.</p> <p>Expanding Access to Palliative Care Act (S. 2565) introduced by Sens Rosen(D-NV), Barrasso(R-WY), Baldwin(D-WI), and Fischer(R-NE). proposes the creation of a demonstration project to support improved access to palliative care services through a community-based model. If passed, the bill would require the Center for Medicare and Medicaid Innovation (CMMI) to develop a Community-Based Palliative Care (CBPC) demonstration- interdisciplinary care to people with serious illness in their home and lead to improved quality and cost outcomes. NHPCO Press Release</p> <p>CONNECT for Healthcare Act – Introduced by Sens Schatz (D-HI), Wicker (R-MS), Cardin (D-MD), Thune (R-SD), Warner (D-VA), & Hyde-Smith (R-MS) on June 15. It would build on expanding coverage of telehealth services through Medicare and make permanent COVID-19 telehealth flexibilities including Permanently allowing for the use of telehealth in the certification of a beneficiary for hospice. Read a summary Here. Read the full Bill Here.</p> <p>Palliative Care and Hospice Education and Training Act-PCHETA (S. 2243): Reintroduced by Senators Baldwin and Capito: The Palliative Care and Hospice Education and Training Act (PECHETA) requires HHS to provide support for Palliative Care and Hospice Education Centers. The centers must improve the training of health professionals in palliative care and establish traineeships for individuals preparing for advanced-education nursing degrees, social work degrees, or advance degrees in physician assistant studies in PC. HHS may provide support to medical schools, teaching hospitals, and graduate medical-education programs for training physicians who plan to teach palliative medicine. HHS must (1) provide Palliative Medicine and Hospice Academic Career Awards to individuals to promote their career development, (2) support entities that operate a Palliative Care and Hospice Education Center, (3) support individuals in specified fields who are pursuing an advanced degree in palliative care or related fields, and (4) award grants to nursing programs to train individuals in providing palliative care. The Agency for Healthcare Research and Quality (AHRQ) must provide for a national education and awareness campaign to inform patients, families, and health professionals about the benefits of palliative care. The National Institutes of Health must expand national research programs in palliative care. Read NHPCO’s press release here.</p> <p>Improving Access to Transfusion Care for Hospice Patients Act (S.2566) A bill to require CMMI demonstration to test allowing blood transfusions to be paid separately from the Medicare Hospice all-inclusive per diem payment was reintroduced to the Senate Finance Committee by Senator Rosen (D-NV) Read more here.</p> <p>Provider Training in Palliative Care Act (S.2890) Sens Rosen (D-Nev) and Murkowski (R-Alaska) reintroduced legislation designed to expand the palliative care workforce. IF enacted it would allow medical students in the National Health</p>

	Service Corps' (NHSC) to defer clinical service requirements for up to one year to pursue additional training in palliative care. They would also provide primary care during their time of service with HHSC. Read more here .
