

A Trusted 340B Partner

Today's 340B environment is increasingly complex, with manufacturer restrictions placing additional strain on covered entities. Backed by two decades of experience, SunRx delivers the guidance and operational support you need without heavy reliance on external consultants.

SunRx supports the full 340B program to help you simplify complexity, maintain compliance, and grow program savings. Our approach brings clarity to a rapidly changing environment, streamlining your operations so you can stay focused on delivering quality patient care.

Everything 340B. All in one place.

SunRx's complete 340B solutions are designed to optimize savings and operational resources. SunRx provides contract pharmacy management technology, uninsured 340B prescription discount card, specialty pharmacy, referral capture, advanced claims capture services, and purchase order optimization with split billing.

Flexibility

Our 340B solutions can be implemented with most covered entity electronic medical records systems, wholesalers, switch vendors, and pharmacies. These options offer flexibility to optimize financial benefits, whether you're a rural hospital, health center, or a disproportionate share hospital.

Commitment to Compliance

Compliance is at the core of SunRx. We help clients maintain accurate and current 340B database information and help prevent diversion to ineligible patients, avoid duplicate discounts (including Medicaid) and prepare for program audits.

With nearly two decades of 340B experience, SunRx is nationally recognized for our compliance approach, and endorsed by more than 35 state hospital and pharmacy associations.
